- Scrum

Education

High School "Mihajlo Pupin" Bijeljina 2015 - 2019
Computer Technician

Faculty of Technical Sciences, Novi Sad 2019 - 2025
Software and information technologies

Experience

HTEC Group - Software Engineer Intern

During my internship, I worked as a Backend Software Engineering Intern, gaining practical experience in developing enterprise applications using Java and the Spring Boot ecosystem. I contributed to the development of RESTful APIs, database integration, authentication and authorization, and various backend functionalities. I worked in an Agile development environment, collaborating with other developers, participating in sprint planning and code reviews, and following software engineering best practices.
